Foreword

On behalf of the Municipal Committee Kot Addu, I hereby present this Annual Report for the financial year 2021-22. The report will give our stakeholders and communities an insight into the performance and achievements of the Municipal Committee. The current Annual Report outlines MCs successes and shortcomings in relation to our mandate as provided in the key focus areas of Local Governments. These can be summarized as; Building a Municipal Corporation that is efficient, effective, and responsive; Strengthen Accountability and promoting fairness in its dealings; Accelerating Service Delivery and supporting the vulnerable; Promoting Economic and Social development; Fostering Development Partnerships, Social Cohesion, and Community Uplift Programs. It is pertinent to note that these endeavors' can never be successfully achieved on their own but it becomes materialized by the collective efforts of officers, officials, and support staff who work together in identifying challenges and meeting those challenges with rigorous efforts and earnest professional approach.

It is commendable to note the improvements in relation to our spending and expenditure patterns, but we need to do more. The ever-present excuse of lack of resources might be a legitimate one, but the key question is how effectively we use the resources at our disposal to accomplish our goals and attain set targets. It is clear in this annual report that we are moving in the right direction. It is of paramount importance to synchronize our program plans with quarterly targets to achieve our broader goals effectively and efficiently.

Administrator
Municipal Committee
Kot Addu

1. Background:

Kot Addu is tehsil headquarter under the control of Kot Addu District located in the southern part of Punjab province. The town is located in flood plain of River Indus at its left bank and the lands around this town are affected by flood water when the Indus River goes in very high floods. The Town is located on Multan-Attock- Rawalpindi section of railway track and serves as a junction wherefrom the train service is available for Multan, D.G. Khan, Attock, and Rawalpindi. The geographical coordinates of the Town are N 30° 28' and E 70° 58'.

Kot Addu Town is located at the east of the Indus River at distances of about 100 km from Multan, 80 km from D.G. Khan, 60 km from Kot Addu, 60 km from Layyah, and 16 km from Taunsa Barrage. The area around the Town is a flat flood-plain and is ideal for agriculture. Two main canals (Kot Addu Canal, and Taunsa-Panjnad link canal) taken from the Indus River, are flowing at the northern and eastern sides of this Town. Kot Addu has an arid climate with very hot summers and mild winters. The highest ever recorded temperature was approximately 51 °C, and the lowest recorded temperature was approximately -1 °C. The average rainfall is roughly 127 millimeters.

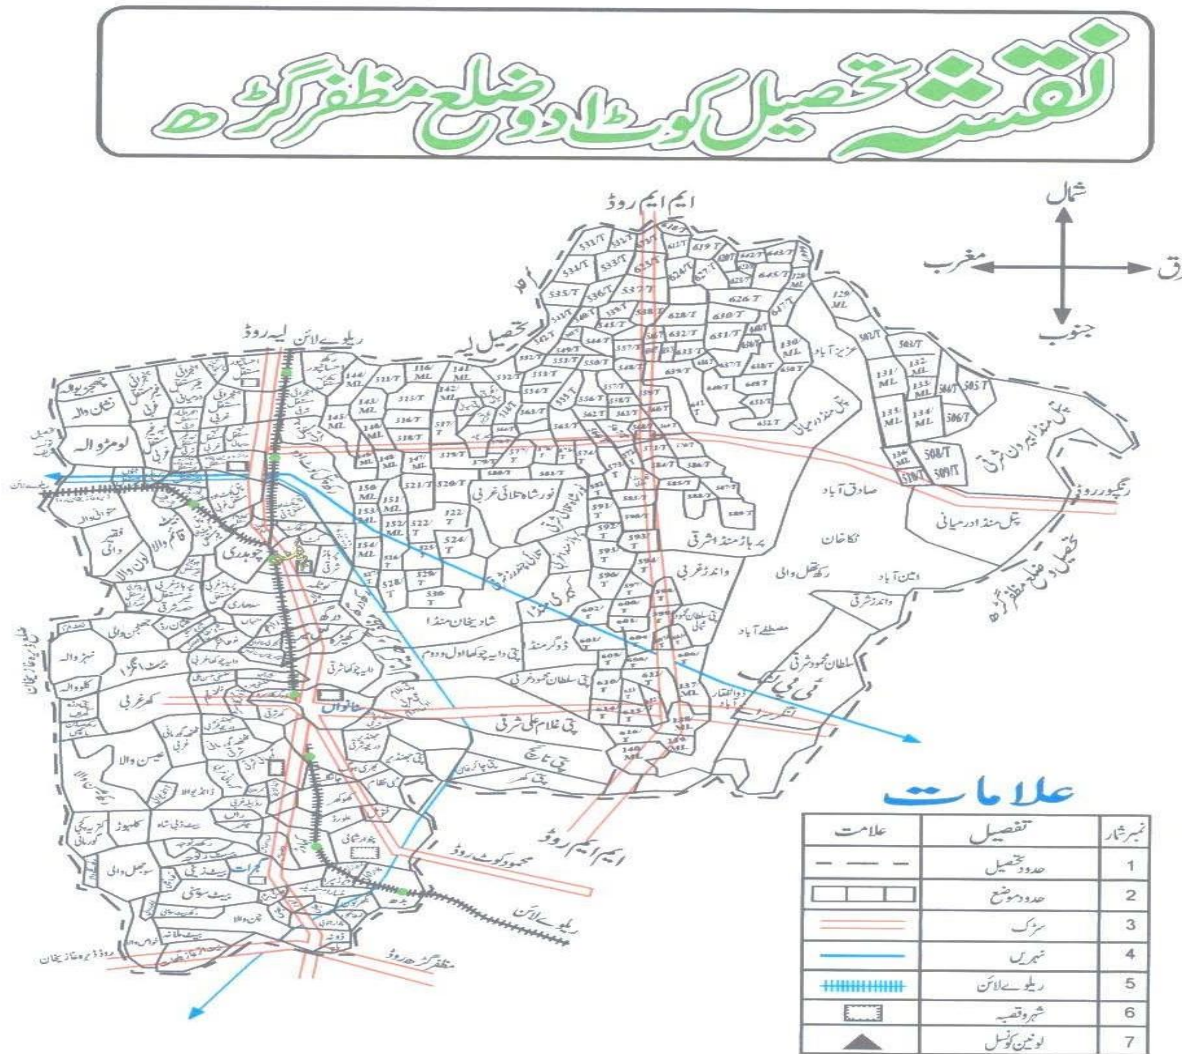

The population census report for the year 2017 has not been published by the Government of Pakistan. However, the provisional data available for this census is the population of 129,703 persons for the city within municipal limits. A land scan process was done to estimate the population of entire inhabited areas of the city in close approximation which was found to be 221,477 persons in the year 2017 with an annual growth rate of 3.7% and it is expected to rise to 318,376 persons in the year 2027. Some scanty inhabitation around the town has developed outside the municipal limits of the city and the municipal limits may need to be extended.

Economic Activities in the City

The tehsil of Kot Addu is a prominent commercial and industrial hub and under mentioned industries are located in this zone;

- Pak Arab Oil Refinery (PARCO)
- Kot Addu Power Company
- Lal-Peer Thermal Power Station
- Sheikho Sugar Mills
- Fatima Sugar Mills
- Gillani flour Mills

2. Map of Tehsil Kot Addu:

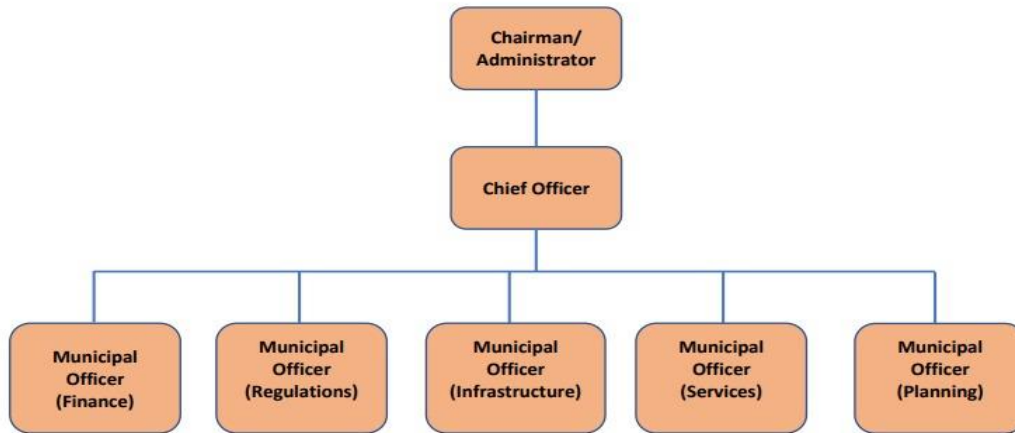

Functions of Municipal Committee Kot Addu

Municipal Committee Kot Addu is responsible for performing the following functions as per new PLGA 2019:

- i. Economic and value chain development;
- ii. Management of primary, elementary and secondary education facilities;
- iii. School enrolment and universal education;
- iv. Monitoring and supervision of primary health care facilities;
- v. Preventive health and hygiene;
- vi. Population welfare including population control;
- vii. Solid waste collection and disposal;
- viii. Sewerage collection and disposal including water management and treatment;
- ix. Building control and land use;
- x. Births, deaths, marriages, and divorce registration;
- xi. Museums and art galleries;
- xii. Open markets;
- xiii. Livestock and agriculture markets;
- xiv. Public parking facilities;
- xv. City roads and traffic management;
- xvi. Public transport;
- xvii. Abstraction of water for industrial and commercial purposes;
- xviii. Emergency planning and relief;
- xix. Support to provincial agencies in the prevention of crime and maintenance of public order; and
- xx. Regulatory enforcement in the functions
- xxi. Establishment and management of pre-schools;
- xxii. Libraries;
- xxiii. Drinking water supply;
- xxiv. Burials, cremations, etc.;
- xxv. Public conveniences;
- xxvi. Children's services;
- xxvii. Community safety;
- xxviii. Arts and recreation;
- xxix. Public fairs and ceremonies;
- xxx. Sports;
- xxxi. Environmental health, awareness, and services;
- xxxii. Parks and landscape development;
- xxxiii. Slaughtering of animals;
- xxxiv. Street lights; and
- xxxv. ii) Sign boards and street advertisements. Human resources at MC:

7. Development Projects

Infrastructure Projects Being Carried Out in Current FY under Punjab Cities Program (PCP)

Sr.#	Project Name	Project Detail	Duration	Project Cost in Million Rs.
		<ul style="list-style-type: none"> ☐ Repair of fire lorry & firefighting equipment ☐ Repair of Sullage Pumping units, pen stock, screens sluice valves non-return valves ☐ Repair of sucker machine including suction pipe, & overhauling of engines ☐ Repair of jetter machine including jetting pipe & overhauling of engines ☐ Repair of dewatering sets including suction & delivery pipes with all accessories ☐ Repair of Generators 100 KVA 		
3	Rehabilitation of Municipal Services in MCKot Addu (Group-C) Supply Items	<ul style="list-style-type: none"> • Winch machine for sewer cleaning • Winch machine for collecting tanks and cleaning • Backhoe for desilting of sullage carriers • Tires for SWM vehicles • Supply of garbage Containers • Supply of cables • Supply of AC inverters 1.5 ton capacity 	6	10.13

8. Municipal Services Delivery Detail

8.1. Water supply system

Kot Addu was equipped with a water supply system in the year 1975 which was closed after 5-6 years because the residents did not take connections because the town is located in a freshwater zone recharged by River Indus from the west side and two main canals on the north and east side

8.2. Solid Waste Management

8.2.1. Solid waste Generation & Disposal

The solid waste management efficiency along with present dumping sites is given below;

Description	Year 2017-18	Year 2018-19	Year 2019-20	Year 2020-21	Year 2021-22
Total waste generated	13082 Tons	12239 Tons	14916 Tons	17593 Tons	19118
Waste disposal	12900 Tons	12048 Tons	14736 Tons	9732	10529
% age efficiency	62 %	62%	58%	61%	65%

8.2.2. Equipment & Machinery

Under mentioned collection and transportation machinery is available with MC to handle the solid waste.

S.N	Equipment/machinery	Total available Nos.	In working Condition	Requiring Repairs
1	Trolleys	4	4	4
2	Tractors	5	5	5
2	Container carrier	2	1	2
3	5.0 m3 containers	12	2	10
4	Front blade tractor	1	1	1
5	Front end loader	1	1	1
6	Water bowsers with tractor	2	2	2
7	Suckar Machine	1	1	1
8-	Rikshah Loader	24	24	0
9-	Jetting Machine	1	1	1
10-	Bacoo Machine	1	1	1
11-	Winch Machine	2	2	2

8.2.3. Manpower Deployed

The manpower deployed for the collection, transportation and disposal of the solid waste is given in the table below. As indicated by MC Officers, this manpower is not sufficient to serve the entire city at the given standards. Additional manpower required by the MC is also given here.

Slot	Sanctioned strength	Existing strength	Vacant slots	Manpower on Daily wages
Sanitary Workers	214	159	55	0
Vehicle Drivers	7	7	0	0
Supervisors	1	1	0	0
Sanitary Inspector	1	1	0	0
Other	52	51	1	0
Total	275	219	56	0

Reasons for poor service

- MC is facing shortage of vehicle drivers and other service staff.
- The equipment and machinery is neither efficient nor adequate to serve the entire city
- No landfill site is available for dumping of solid waste. Currently waste is being dumped in open spaces along railway line opposite Railway Station, near Mumtaz Park, along GT road and basti Channan wali

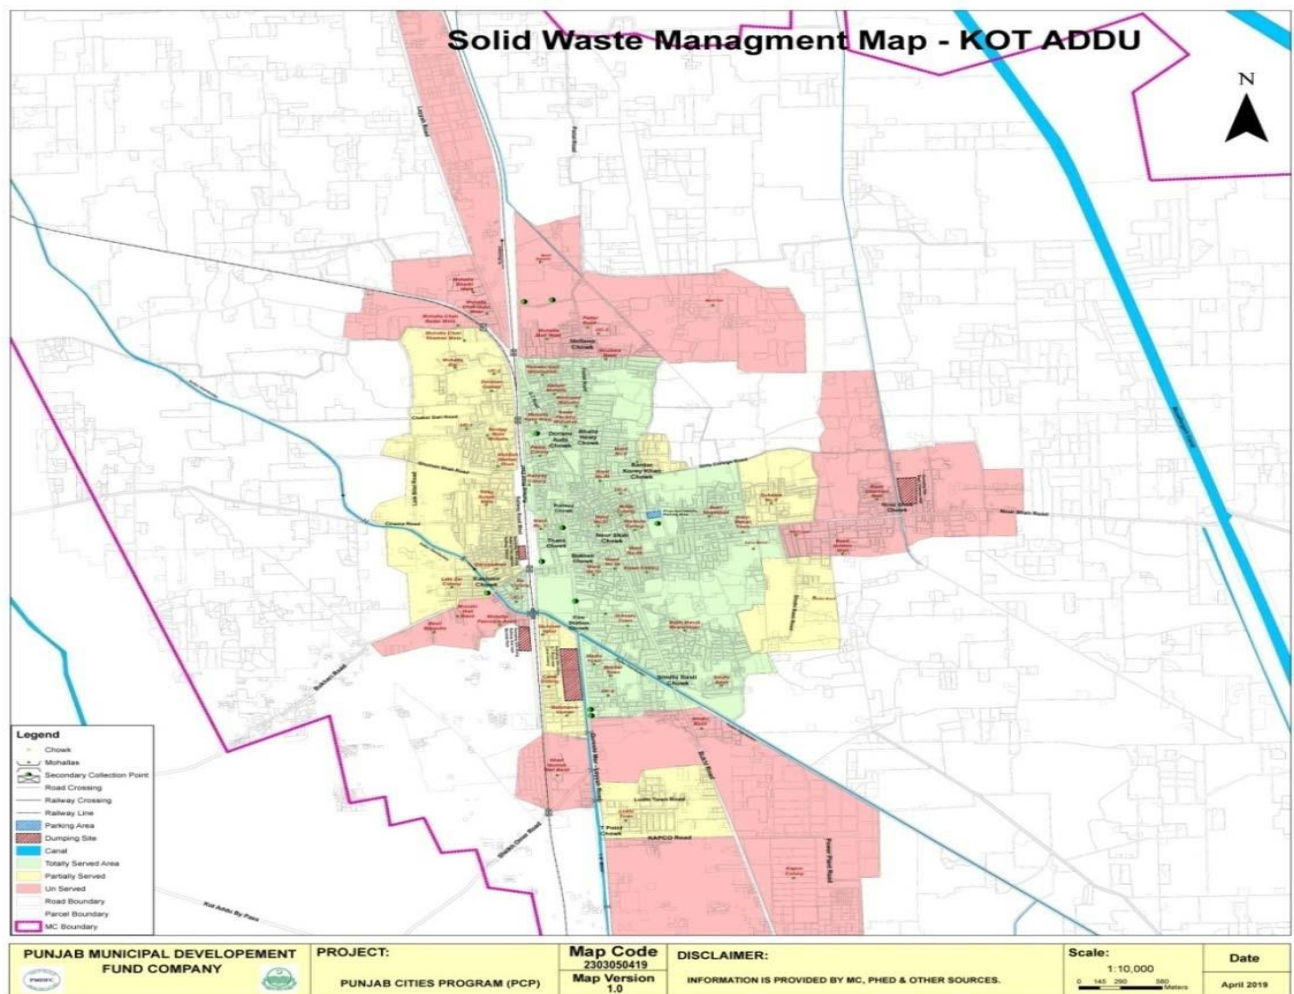

8.2.4. Coverage Detail

The entire city is not served with solid waste collection and disposal. 70% area of the city is fully served, 10% is partially served and 20% is un-served as marked on the map. In partially served areas service is rendered intermittently depending upon availability of manpower and transportation machinery. The detail of these areas is given below;

The entire city is not served with solid waste collection and disposal. 34% area of the city is fully served, 22% is partially served and 44% is un-served as marked on the map. In partially served areas service is rendered intermittently depending upon availability of manpower and transportation machinery.

a) Partially served areas

No regular service is rendered in the under-mentioned areas. The main complaints are attended by sending the machinery & labor once or twice a week.

1- Sanima road	2- Alshams Colony	3- Tibba Karbala
4- Nooray wala	5- Bismillah Colony	6- Ghareeb Abad
7- Zia colony	8- Bhutta Colony	9- Dhup sari
10- 5-Marla Scheme	11- Kayk wala	12- Khyban e faiz
13- Basti Naqad Abad	14- Madrsa Kashif ul aloom	15- Old sabzi mandi
16- Larr wala	17- Tableegi Markaz	18- Sindhi Basti
19- Madni town	20- Buzdar town	21- Lodhi town

b) Un-served areas

Under mentioned areas are still un-served;

20- Basti Bahadri	21- Mohallah Bahadri wala	22- Mohallah Chah Hoot wala
23- Pattal Basti	24- Mohallah Chah Badar wala	25- Mohallah Mari wala
26- Mollana Chowk	27- Basti Kat	28- Basti Chaman wali
29- Basti Godian wali	30- Basti Laar	31- Monshi wali basti
32- Basti Manjuthi	33- Mohallah Farooq e Azam	34- Ghari Quresh wali basti
35- Sindhi Basti	36- Kapco colony	

Solid waste management financials (million Rs)

Year	2017-18	2018-19	2019-20	2020-21	2021-22	Total for 6-Years
O&M Expenditure	62.189	76.919	89.044	106.838	106.384	441.374
Sanitation fee/month per household	0	0	0	0	0	0
Subsidy injected	62.189	76.919	89.044	106.838	106.384	441.374

8.3. Sewerage**8.3.1. Coverage**

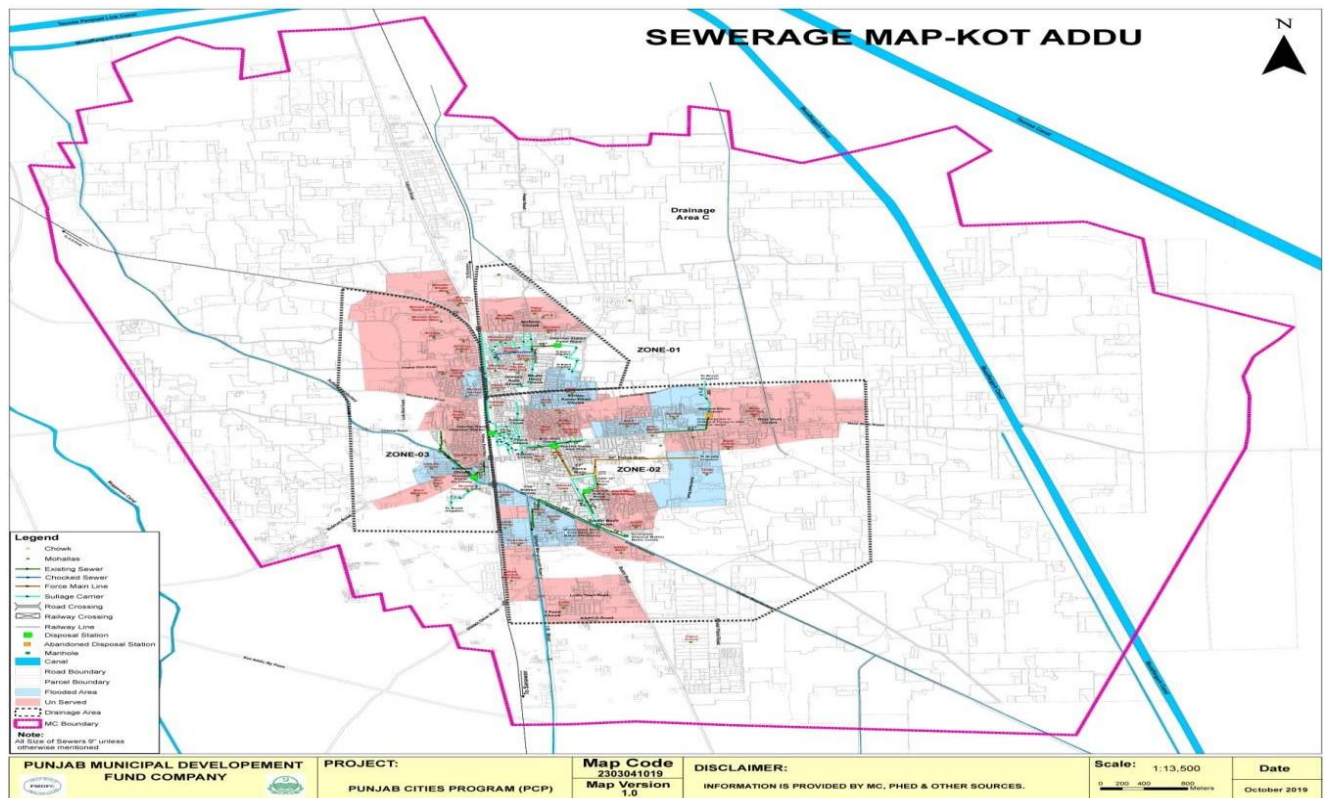

The Town has very less coverage of Sewerage System wherein only the main and branch sewers have been laid and the lateral sewers have been provided in very small area of the Town. The Town is mostly served by the surface drains discharging into the main and branch sewers.

The sewerage system is drained through four disposal stations which are in poor condition. Most of the streets and bazars are flooded with waste water and particularly the area along the railway line is always under waste water stagnation. Most of the waste water is being used for broad irrigation and some of it is being discharged in the Sultan Distributary passing through the Town.

8.3.2. Existing pumping/disposal stations

The length of old sewers is given below; these are approximate lengths and may vary if actually measured at site;

Approximate lengths of existing Sewers

Sewer dia. (inch)	9	12	15	18	21	24	27	Total length in Km
Length in Km	0	3.25	0.50	3.0	0.25	0	0	
Sewer dia (inch)	30	33	36	42	48	54	66	7 Km
Length in Km	0	0	0	0	0	0	0	

Un-served areas

The following areas of the city have not been provided with sewerage system as yet.

1- Dhupsari (Partly)	2- Basti Chananwali	3- Basti Gadion wali
4- Mandi Mawaishian	5-, Basti Naqad Abad (partly)	6- Mari wala
7- Ward No.7	8- Millat colony	9- Stadium colony
10- Tibba Sultan Pura	11- Nooray wala Mohallah	12- Zeshan colony
13- Ghareeb Abad	14- Mohallah Gar	15- Chah Badar wala
16- Chah Shamaswala	17- Pattal basti	18- Maulana basti (partly)
19- Basti Maujuthi	20- Munshiwali basti	21- Gulshan Iqbal (partly)
22- Ghari Quraishi wali basti	23- Lodhi town	

Problems in the system and the requirements

Under mentioned repairs and replacement in the components of the existing sewerage systems are required for functioning of the system although provided in very small area of the Town.

Disposal/pumping stations (Repairs required in the civil structures)

Sr. No.	Location	Repair of Collecting tanks	Repair of screening chambers	Repair of pump houses

8.1.1. Sucker & jetting machines

01 No sucker and 01 No jetting machines are being used by MC to remove blockades and cleaning of sewers. The sucker & Jetting machine are quite old and requires repairs along with a supply of pressure pipe for Jetting machine.

8.1.2. Tariff structure

The liquid waste user charges are not collected by MC Kot Addu. Liquid wastetariff has not been levied.

8.1.3. Manpower deployed

The manpower deployed presently for the operation & maintenance of the system against the total regular strength of 40 persons, is given below.

Disposal operators	21
Drivers	2
Supervisors	1
Sewer men	2(Vacant: 6)
helpers	2
Total	28

8.2. Streetlight

MC Kot Addu has street lights on major roads and Mohallahs. The ward wise streetlight detail in the Town is given below;

Ward No	Area	LED Bulb (30W)	Nos. Operational	Mounting of Lights
1	Mauza perhar sharqi shamali & janobi	15	8	On MEPCO pole
2	Chaker dari Road Gaman shaha Road	76	5	do

27	Nala Hazar Roa Nala kaushan Road	18	10	do
	Total	1512	467	do

8.2.1. Streetlights on Major roads:

A street light facility on main roads of the Town is given below;

Sr. #	Name of road/street	Type of lights	No. of Lights
1	Railway Road	Energy saver bulb	5
2	Thana Chowk to Noor Shah Chowk	LED bulb	7
3	Bukhari Road	LED bulb	80
4	Tibba karbala road	Energy saver bulb	16
5	GT Road from THQ Hospital Road to PSO Petrol Pump	Energy saver bulb	65
		Total	173

8.2.2. Ward wise detail of existing streetlights

7.1.1 Expenditure on streetlights

Under mentioned expenditure on the Operation & Maintenance of the existing street lights has been incurred by MC Kot Adu during the last 5 years. This includes the energycost, manpower cost and cost of repairs and replacements.

(All figures in million Rs)

Year	2015-16	2016-17	2017-18	2018-19	2019-20	2020-21	Total for 6 years
O&M Expenditures	5.017	2.09	9.09	5.117	4.037	5.123	30.4743

9. Baldia Shikayaat Complaint Portal

Municipal Committee Kot Addu has established a centralized Baldia Shikayaat Complaint Portal/Apps for complaints registration, its tracking, and resolution. The primary objective of establishing the Baldia Shikayaat Complaint Portal/Apps was to enhance MC's efficiency in addressing citizens and building their confidence of citizens.

The Baldia Shikayaat Complaint Portal/Apps has been provided with an online to facilitate complaint registration over mobile/system without walking into the office. Every complaint, whether received through a web portal or mobile app, is recorded in the software by a designated complaint cell in charge. Each recorded complaint generates a unique number and a notification received after the registered complaint. The complainant also receives the complaint number for the follow up, if required. Once the complaint is resolved by the relevant staff, he returns his part of the complaint slip to the complaint cell with his remarks and the complaint cell in charge updates the status of complaint in the software accordingly. The complainant may inquire the status of his complaint at any time just by calling the complaint registration office with

reference to his complaint number. This process ensures the registration and tracking of all the complaints, thus keeping MC staff accountable to the MC management as well as the citizens.

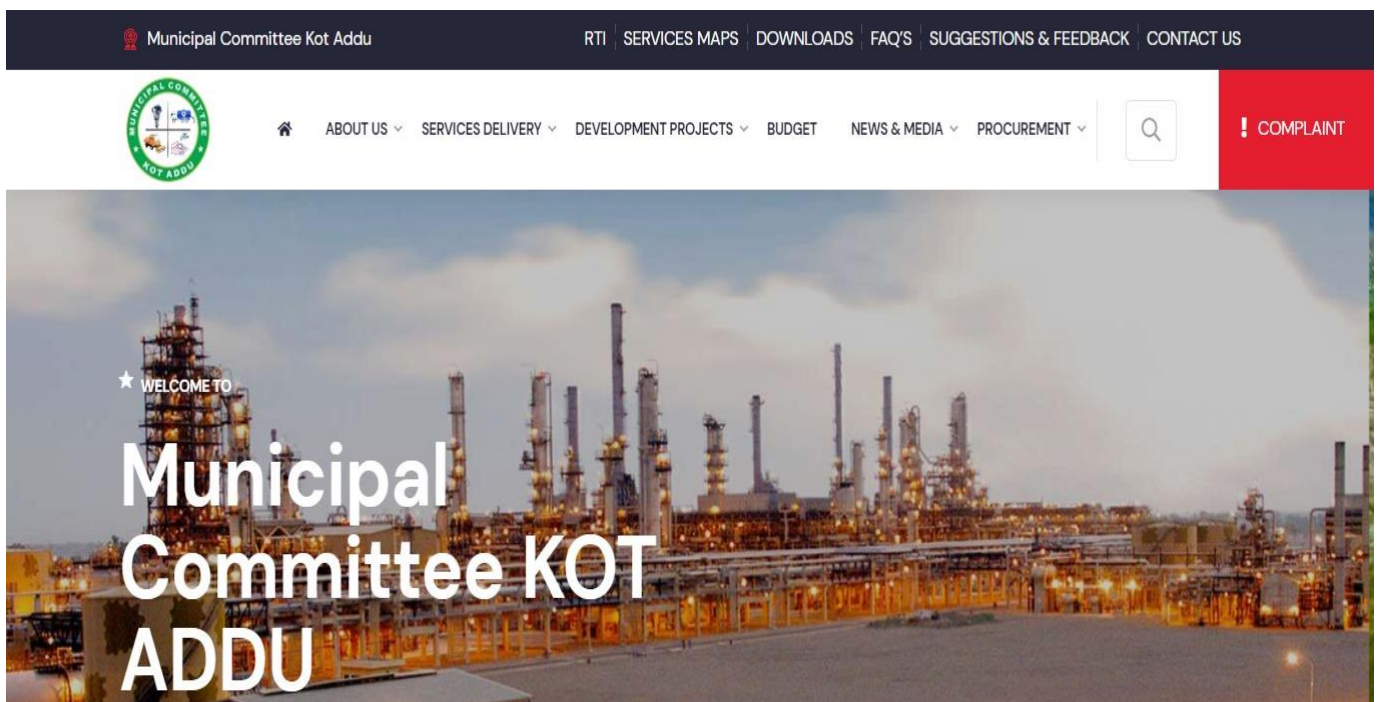

Complaints: Received Summary Year – 2022-23	
Sector	Complaints
Water Supply	0%
Sewerage and Drainage	25%
Streetlight	-
Solid waste	75%
Percentage Resolve	100%

10.MC Website

(www.mckotaddu.lgpunjab.org.pk)

Municipal Committee Kot Addu has also developed its website for the dissemination of information for general public. The information contains all major categories of information for citizen’s interest like information about the officers with their telephone numbers, budget detail, Development projects, news and events and many others.

11.MC Response to the Requests of Citizens under RTI Act 2013

No request received from any citizen during the current year

SUMMARY OF RESPONSE TO CITIZENS REGARDING RTI REQUESTS(2019-20)

MC Section	No. of Requests Received	No. of Requests Attended	Average No. of Days/ Time span to Attend Request	No. of Requests Refused/ Not Fit for Sharing Information	No. of Requests Forwarded to Other Departments for Seeking Information	Total No. of Requests In Progress	Total No. of Requests Pending	Citizen's Satisfaction Feedback	Remarks
